CORRESPONDENCE
Chief Stan addressed correspondence concerning the District’s Covid-19 safeguards. He covered the CDC guidelines and WA State mandates which are being followed by the District. Stan also stated additional measures taken, which include separation of Resident living quarters from the rest of the Station. Residents will enter/exit through the kitchen; personnel and volunteers on duty will enter through the training room and use the refrigerator, sink and microwave in the training room rather than the kitchen. Robin Harbin reviewed correspondence from MultiCare, stating Covid-19 testing is not covered under our contract. Robin contacted Concentra as an alternative and confirmed they will provide Covid-19 testing under our account. Robin also presented an email from J.J. Hernandez with Spokane County requesting a resolution to reopen Fund 65. The County would like to reopen Fund 65 to use for the Local Direct Investment loan which will help fund the planned storage facility and burn building.

UNFINISHED BUSINESS
Pay Scale: A pay increase for the administrative assistant was previously discussed and approved by the Chief and the Commissioners. Signatures are required on the pay scale document.
Storage Facility/Burn Building: Belsby is waiting for the County to complete their review and sign off on plan compliance within a 500-year-old flood plain. Once a topographical survey is completed, we can
go to bid for excavating companies to complete land prep. Later, we will go out to bid for construction of the storage facility and finally, the burn building.

**Resolution 2020-9, Spokane County LDI Loan Application:** Robin Harbin presented the resolution which approves the District’s application for a $300,000 loan from the County and authorizes Chief Stan Cooke to complete and sign County loan application documents. **NEW BUSINESS**

**Resolution 2020-10, to Reopen Fund 65 for LDI Loan:** Secretary Robin Harbin reviewed Resolution 2020-10 which complies with the County’s request to Reopen Fund 65 for use with the $300,000 Local Direct Investment loan. Stan will pursue funding through the EMS Cares Act for similar equipment and supplies which help safeguard against exposure to Covid-19.

**PUBLIC COMMENTS - None**

**GOOD OF THE ORDER**

Eileen Weyrauch discussed the fact that internet communications with Commissioner Phelps frequently fail due to poor internet service. All agreed it is important to ask Michael, the District’s IT professional, to assess and improve, if possible, Theresa Phelps’ internet service to avoid disruptions in conducting District business.

**ADJOURNMENT**

As there was no other business, the meeting was adjourned at 1:33 p.m.
